

## READING SESSION 18, EDIT 1

Ok ... *mi regge* ... how do you say?

It holds me.

Ja, it's holding I think ...

... or supporting?

Yes.

Supporting me.

Lonzi says: "No, I don't feel like her,"  
it means she doesn't feel crazy,  
"my mind, my consciousness supports me.  
It's impossible for me to go crazy."

... or mad ...

"I will never ..."  
or "it will be complicated ..."  
no, I have to be precise:  
"It will be difficult to go crazy,  
since I made sure to built and  
to have a feminist group behind me.  
And if ..."

Behind me? They are backing her.

"Without them, I would have become mad.  
Because the situation could drive you crazy,  
it's not the fragility as such."
